# COMMISSION PROCESS

From concept to creation

## STAGE ONE

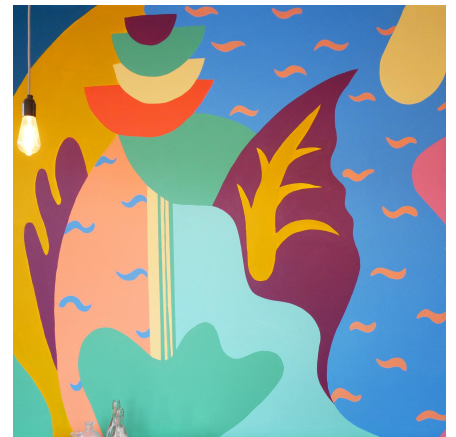

Please provide us with photos, diagrams, and dimensions of the area where you envision the artwork. If you have any inspiration or ideas, feel free to share them too!

## STAGE TWO

Molly will create a customised quote for you. This will include Molly's ideas, references to her past projects and mood boards, along with cost estimates.

## STAGE THREE

After reviewing the options and deciding on a plan, Molly will send you her Commission Agreement, along with an invoice for the first 50% of the fee.

## STAGE FOUR

Once the contract is signed and the invoice is paid, there will be three design rounds, with feedback required at each stage. These consist of:

### 1. INITIAL DESIGN

Sketches and/or collages, plus mood boards and colour palette suggestions.

### 2. DETAILED DESIGN

A refined version of the chosen sketch or collage, with chosen colour palette.

### 3. FINAL DESIGN

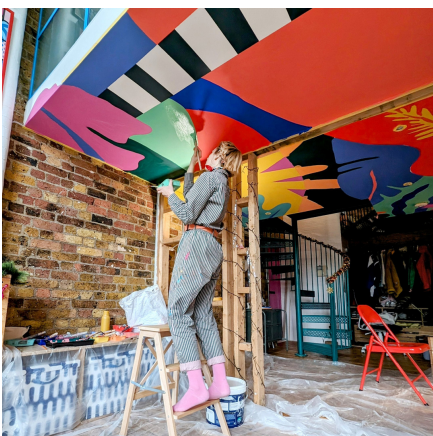

Digital artwork, technical drawing, and a mock-up of the artwork in the space.

Any additional revisions required past this will cost £200 per hour.

## STAGE FIVE

When the final design is approved, Molly will provide you with an estimated timeline for the completion of the project. Please note that dates are subject to change based on weather conditions. In the meantime, you should prepare the space for Molly and her team to install the mural artwork.

## STAGE SIX

After installation is finished, Molly will send you an invoice for the final 50% of the fee.

## STAGE SEVEN

Once this invoice is paid, Molly will share any time-lapse videos, footage and imagery of the mural with you, and will promote the project through her portfolio and social media platforms. If you could kindly offer any testimonials or feedback, it would be greatly appreciated by Molly – this will help her continue to share her artwork with the world!
